Kind Attention – Mr. Anil Bhargava (Director)

Sub : Articmaster – Green Energy Initiative

We have evaluated the Articmaster – Energy efficiency device for HVAC product with our customer's facility and we are happy to know that the product performs to our satisfaction and has delivered a minimum of 20% energy savings apart from the smooth running of the HVAC units.

We are happy to inform you that based on the performance, we have decided to implement Articmaster installation to all our customer's facility shortly. We have already taken initiatives to offer this solution to our key customers.

With Articmaster installation, we look forward to the opportunity to help our customers to reduce energy consumption and lower the carbon emissions for a cleaner planet.

Thanks and Regards
